No claim forms

standard vision program

The UnitedHealthcare Visionsm Standard Vision Program is part of your medical plan and includes a routine vision exam at your current copay. In addition, you will receive Preferred Pricing on eyeglasses and contact lenses.

UnitedHealthcare®

A UnitedHealth Group Company

standard vision program

Focus On Value

Eyeglass frames and lenses are an investment in better vision. When you purchase your eyewear from our Routine Vision Network providers, you'll benefit from Preferred Pricing on frames, lenses and lens options.

Preferred Pricing helps ensure that an equivalent value is offered at each dispensing Routine Vision Network location.

Focus on Quality

Routine Vision Network providers participate in our credentialing process, are subject to a Quality Assurance Program and are contracted to adhere to strict quality and service standards.

With leading national labs providing fabrication of eyewear, we adhere to strict standards for quality, service and turnaround time. Frames — including designer styles — are provided by leading frame manufacturers/importers, with standard warranties against defects.

Quality and Affordability

Frames

You receive the best value (cost and quality) from your vision care program when you choose frames from the Routine Vision Program Selection.

Popular styles are available for the whole family, including metal, plastic and titanium.

Lenses

Lenses include all powers and sizes, and are provided by leading national labs, contracted to quality and service standards.

Preferred Pricing is available on all lens materials, styles and options offering important vision benefits, such as progressives, anti-reflective and UV coatings, tints and more.

Special Savings

Laser Vision Correction

Receive access to a 15 percent discount or five percent off any promotional price for laser vision correction surgery through the Laser Vision Network of America. The network is comprised of more than 300 laser vision correction specialists.

To find a participating laser vision provider, call 1-888-563-4497 (toll-free). Or visit our Web site at myuhc.com (and click on the [uhcvision](#) link).

Up to 20% discount****
Up to 20% discount****
Member pays full
provider-billed charges

There is **no limit** on purchases of eyeglasses and contacts at Preferred Pricing.

* Selection Frames are at private practice locations and some retail chains. For retail chains without a collection, you will receive a discount off of billed charges (non-collection frames).

** Discounts off of billed charges. Actual discounts vary by retail chain. At Wal-Mart locations, you receive a 10% discount off of their everyday lower prices on frames.

*** Some retail chain prices are less than the Preferred Pricing. You will pay the Preferred Pricing or the retail price, whichever is lower.

**** Applies to private locations only. Discounts on contacts do not apply at most retail locations.

1. Preferred Pricing is available only at Routine Vision Network provider locations. Please consult your vision care provider for Preferred Pricing on additional lens styles (i.e. Progressive Lenses), materials and options (i.e. coatings, tints, etc.). For more information, please call member services or visit our Web site at www.myuhc.com.

2. Standard Lenses: non-aspheric, glass/plastic (CR39), clear, all powers, all sizes, standard scratch resistant coating.

To locate a Routine Vision Network Provider near you, call toll-free 1-800-203-4317 or visit our Web site at www.myuhc.com (and click on the [uhcvision](#) link).
