Dayton, Ohio 45435

Department of Emergency Medicine
3625 Southern Blvd. ■ Kettering, OH 45429

C.A.P. Lab

**One-Day Seminars:
December 9 or 10, 2009**

Cadaver ■ Anatomy ■ Procedure

The C.A.P. Lab is a one-day seminar designed for emergency medical services (EMS) personnel who want to learn more about human anatomy and get hands-on experience practicing advanced pre-hospital procedures.

This seminar will provide an extraordinary educational opportunity through physician and PA instruction on anatomy, physiology, and advanced procedures.

In addition, you will obtain experience with the newest and most innovative products in EMS. You will have the chance to get first-hand experience using the latest technologies in pre-hospital care. Advanced simulation models will provide life-like experiences and allow you to utilize your skills while getting real-time feedback and instruction.
