

“The Community's Initiative to Expand Health Care to the Underserved”

Reach Out is a 501(c)3 volunteer healthcare organization, founded in 1994 by three medical leaders in the Miami Valley area: Wright State University Boonshoft School of Medicine, Public Health Dayton and Montgomery County, and the Montgomery County Medical Society. Executive Director is Dr. Sharon Sherlock, DHA, contact number (937) 258-2000 ext 105.

Mission: Reach Out's mission is to provide access to health care services for the underserved/ uninsured population in Montgomery County, without restraints, utilizing the professional skills of volunteer physicians, nurses and other health care professionals.

Eligibility: All age groups and/or disease conditions, uninsured with income at or below 250% of the poverty level. Identification is required at clinic registration; photo ID preferred, driver's license, state ID. Patients living outside of Montgomery County will be determined on a case by case basis.

Services: Reach Out provides a safety net clinic located minutes from downtown Dayton. The clinics offer an alternative to emergency visits for minor illnesses and chronic conditions that need immediate attention. Clinic visits are at no cost to the patient. Ancillary services such as lab and x-ray are limited based on current contracts.

Referrals to Reach Out's sub-specialist network are dependent on availability of services requested. In most cases the physicians' professional fees are waived; however, patients may incur costs at the specialist office for tests or procedures performed. Payment for costs incurred is the responsibility of the patient. Reach Out performs scheduling for most specialist visits. Patients will be notified of their appointment date and time by mail or phone. Patients who do not show for scheduled specialty appointments are not eligible to return to Reach Out for one year.

Funding for Reach Out is provided by our community in the form of foundations, grants, corporate and individual giving. A grant from the Robert Wood Johnson Foundation in 1994 initiated the Reach Out Program.
