## Course Objectives:

1. Identify categories of classification for patients eligible for air evacuation.
2. Select proper equipment for patients eligible for air evacuation.
3. Discuss legal issues related to disaster scenarios, military/civilian interface and patient care.
4. Discuss command and control issues using appropriate NDMS applications.
5. Apply SALT disaster response medical triage strategies.
6. Identify guides used for emergency responses to all hazards.
7. Apply principles learned to a table-top Emergency Operations Center (EOC) exercise.
8. Review acronyms used during disasters by the military and civilian disaster response personnel.

Wright State University (WSU) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. WSU designated this live activity for a maximum of 16 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
